### Cemetery News

Cremation or traditional burial? That is the question. While the traditional burial of the body in a casket is still the preference of most, the trend towards cremation seems to be increasing every year. Currently, Holy Cross cemetery is experiencing a 35% cremation rate. Interment either way can be accommodated both in-ground and in the mausoleum or columbarium. An interesting twist for couples is when one wants the traditional burial and the other wants to be cremated. This is accomplished in one of two ways: (1) a single in-ground grave is acquired and both a casket and a cremation urn can be placed in that grave, and (2) a single mausoleum crypt can also accommodate the placement of a casket and a cremation urn. Remember, the important thing is to plan ahead and not leave interment decisions to your surviving spouse or children. Contact Len Dornberger to discuss options further at 302-674-5787 x135.
